

Sub. B1  
Concl'd  
CAB  
Ad

outgoing window [for emitting] that emits the light flux modulated by said optical modulation element therefrom.

15. (Amended) The projection display device according to Claim 14, further comprising:

[wherein] a fan [for circulating] that circulates air [is] located inside said partition.

16. (Amended) The projection display device according to Claim 14 [or 15], further comprising:

[wherein said] a polarizer [is] bonded to said transparent plate.

17. (Amended) The projection display device according to Claim 14 [or 15], [wherein] said transparent plate having a surface and the surface of said transparent plate [is] being coated with a surface active agent, or treated for electrostatic protection.

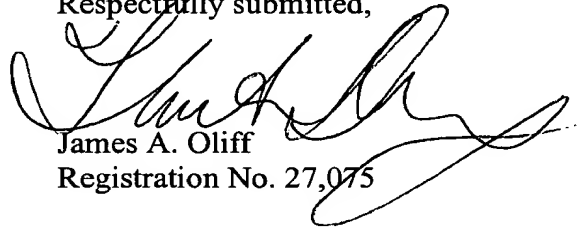

# REMARKS

Claims 1-17 are pending. By this Amendment, the specification and claims are amended. The specification and claims 1-17 are amended for further clarity. No new matter is added.

The above amendments place the application in even better condition for initial examination. Prompt consideration and allowance in due courses are earnestly solicited.

Should the Examiner believe that anything further is desirable in order to place this application in even better condition for allowance, the Examiner is requested to contact the Applicant's undersigned representative at the telephone number listed below.

Respectfully submitted,
